In total, the NAASC plans to support 10—12 training events in the next six months.

- NAASC staff travelling to universities for seminars/colloquia and to meetings / conferences will offer to deliver 1—2 hr ALMA user tools demo / walk through

Also available to the community are the following web-based tools:

- ALMA Helpdesk : <https://help.nrao.edu/>
- Web-based demos and tutorials
- NAASC website: <http://science.nrao.edu/alma/> - One stop portal to information, user tools & documentation.

NOTE: *An ALMA Community Day is community led and organized, with NAASC support at level of ~1 scientist at each event*
